Subject: Request to Receive Materials of the Declaration of Unlawful Associations
Your letter dated 16 December 2021

1. I would hereby like to respond to your request made in the letter dated 16 December 2021.
2. Following your request, I would like to inform you that the unclassified information underlying the decision to declare your clients as unlawful associations can be found in office of the Legal Advisor to the Region of Judea and Samaria located in the Judea and Samaria Division near the town of Beit El. You may coordinate contact with the undersigned on the telephone number: 02-9977711.
3. Needless to say, this is only the unclassified information underlying the declarations. The core of the declarations is based on classified, cross-checked and reliable intelligence that indicates that your clients operate on behalf of the terrorist organization, the "Popular Front for the Liberation of Palestine" and are essentially arms of the terrorist organization, which cannot be revealed for fear of threatening national security.
4. As for your request for an extension of time for filing an objection against the said declarations, and for your request for an extension received already on 11 November 2021, I would like to inform you that the IDF Commander in the Judea and Samaria agreed to extend the deadline for filing an objection against the declarations until 18 January 2022.

Best regards,

Capt. Matan Brook

Counseling Officer from the Terrorism Division
